

PRESS RELEASE

Ana Baez Awarded Child Care Credential

Ana Baez of Bronx, New York has been awarded a Child Development Associate (CDA) with Bilingual Specialization credential in recognition of outstanding work with young children. The Council for Professional Recognition (www.cdacouncil.org) in Washington, DC awards credentials to early childhood educators who demonstrate the ability to constructively work with young children in group settings.

It takes special knowledge, skills, and expertise to be an effective teacher of young children,” says Valora Washington, CEO of the Council. “It’s a great honor to earn a CDA and it shows a commitment to quality early childhood education.”

Ms. Baez earned her CDA with Bilingual Specialization credential training through The ValMyr Group.

The CDA is a nationally recognized credential for excellence in early childhood education. Each CDA candidate is observed working with young children and is assessed on his/her ability to develop the physical, emotional, and intellectual capabilities of young children.

The CDA community nationwide is having a positive effect on the quality of early childhood education by helping preschools, day care centers, and family child care programs hire qualified and competent professionals who ensure the best care for our nation’s youngest.

Child care staff and parents wanting more information on CDA should visit www.cdacouncil.org or www.TheValMyrGroup.com.
